PROJECTS

PORTFOLIO | *GO, Sqlite, SvelteKit, TS*

- Learned Golang web development tools to make a quick portfolio site showcasing my skills and endeavors.
- Created lightweight application with SvelteKit, and this provides smoother experience navigation wise.
- Added paginated blog to showcase findings about various interesting topics.

STRAT-O-S | *PHP, JavaScript*

2021 | Remote
- Simplified old customer's sites using WordPress (PHP CMS) to deploy it in a tight schedule.
- Coordinated with client's teams to publish subscription based courses with the help of a memebership plugin.
- Developed a custom WordPress plugin to revamp UI, carousel and forms.

TRANSLATINOTAKU | *PHP, JavaScript*

2021 | Remote
- Leveraged wp custom post types to make custom themes and plugins.
- Created a bookmarking system that stores users reading progress.

External Projects

TODO APP | *TypeScript*, MERN

- Created a single page to-do application while learning the MERN web development tools in typescript.
- Developed custom React hooks for effective data fetching.
